TWO MILLIONS OF VISITORS

Are Helping New Yorkers Honor Dewey Today

BUSINESS ENTIRELY SUSPENDED.

Magnificent Decorations—The Olympia One Mass of Bunting—The Great Naval Parade.

By Wire to THE TELEGRAM.

New York, Sept. 29—No more lovely day could have been desired than this which is warming the heart of every one of the millions who have come to help the metropolis welcome the hero who came from the damps of Manila.

Throngs began to pour into the city early this morning and it is now estimated that two millions of visitors are here, notwithstanding the fact that many find the bluffs of the New Jersey coast and the shores of the bay as far down as the Narrows more desirable points from which to view the parade.

Not a stroke of business is being done, except by the venders of Dewey specialties and by the newspaper men and telegraphers, who stick to their posts, though an earthquake shake the foundations of the world.

The decorations are now perfected, and the present spectacle is of ravishing beauty. Huge letters of "Welcome Dewey," thirty-six feet high and from twenty-four to thirty-two feet wide, are suspended from Brooklyn bridge, and the triumphal arch in Madison Square is entirely completed.

The decorations are the pride of New York, and are worthy to be the pride of the whole country.

THE CELEBRATION BEGINS.

New York, Sept. 29—Mayor Van Wyck and committee at eleven o'clock formally welcomed Dewey. This was the official beginning of the celebration. The call of the mayor was immediately returned by the admiral to the steamer Sandy Hook.

The Olympia was the first warship to get in the line of parade and now awaits the word to start.

DEWEY AFFECTED.

New York, Sept. 29—Dewey was very much affected by the mayor's speech of welcome.

The flagship was dressed in the most victorious style. Every flag seemed a ray of color. The ship's signal lockers were hauled to spell according to the code what the admiral's heart was too full to utter.

HOWISON'S TACT.

New York, Sept. 29—Rear-Admiral Howison settled the question of precedence by putting the cruiser Chicago in the rear of the yachts. Many expressed pleasure at the tact he displayed.

The parade is now nearing Grant's Tomb.

2,000,000 VISITORS.

New York, Sept. 29—The mayor welcomed Dewed at eleven. Dewey was much affected.

The Olympia, one mass of bunting, started at one promptly from quarantine. She moved slowly from start to finish. Guns boomed, and whistles screeched, and cheers sped along the bay and river. The warships followed the Olympia, all gaily dressed. Ninety-two yachts followed, followed by one hundred and fifty merchant marine.

The shores were thronged from every point of vantage.

It is estimated that there are two millions of visitors in the city.

FAIR WEATHER.

Washington, Sept 29—Fair tomorrow for New York.

SOUTHERN'S FEARFUL LOSS.

Mammoth Piers at Norfolk Burned—Loss Nearly a Million.

By Wire to THE TELEGRAM.

Norfolk, Va., Sept. 29—The Southern Railway's mammoth piers here were destroyed by fire this morning. The loss is nearly a million.

Change in Hotel Firm.

Elsewhere will be found a notice of dissolution by mutual consent of the firm of Perkins & Hall, proprietors of the McAdoo House. Mr. Hall retires from the business and Mr. Perkins continues the management. We wish both these gentlemen success.

Mr. Hall was seen by a Telegram man this afternoon and he says he has not yet decided what business he will engage in. His friends hope he will remain in Greensboro.

Meantime Mr. Perkins will continue to take care of the crowds which throng the McAdoo with the same courtesy which has characterized his former management.

BOUND OVER TO COURT.

Legal Opinion Divided as to the Law in the Case.

About a year ago Mr. N. L. Hanner gave F. M. Keith a check for $40, in payment of a debt. Mr. Keith had the check cashed by Hiatt & Lamb, the well known grocers. When Mr. Keith was gone it was discovered that he had failed to endorse the check. Before Mr. Keith could be seen Mr. Hanner came along, and it was suggested that he could change the word "order" to "bearer" and thus make it go at the bank. "No sooner said than done," as Uncle Remus would say, none of the parties thinking there was anything wrong about it as Mr. Hanner was the man who gave the check in the first place.

Mr. Keith, for some reason, fished up the old check and on last Wednesday the parties were up before 'Squire Eckel on a charge of forgery, and the justice sent them on to court.

Whether this is law or whether it is not law is not a question for us. The firm of Hiatt & Lamb bears a good name, and so does Mr. Hanner. No one who knows, or has had dealings with either of them, will for a moment believe there was any wrong intent on their part.

But the question which appeals to us is this: If a justice of the peace can take the law into his own hands and allow a compromise in a lot of gambling cases, without even an examination of the witnesses, and in a case where the parties all knew that gambling was a violation of law, why, in the name of common sense, couldn't he smash up the little law fixin's and dismiss a forgery case, where everybody knows the parties were ignorant of a violation of law and innocent of any crime or felony?

Mr. Hermon Wilson Dead.

Sometime in April last Mr. Herman Wilson, mail agent from this city to Goldsboro, contracted a cold and on the 14th of that month was compelled to stop work. His illness soon developed into consumption. He grew rapidly worse, and this morning about 7 o'clock, death relieved him of his suffering. He resided with his mother on Davie street, and tomorrow morning the remains will be taken to Kinston for interment, at the old home of the family.

He was a young man, well spoken of by his associates in the mail service, and by all who knew him. A brother of the deceased arrived in the city last night and with other members of the family, will accompany the remains to Kinston tomorrow.

Little Girl Dead.

Death comes to the young and the old alike. Youth is no security against the grim reaper. This morning about nine o'clock, God, in His wisdom took little six-year-old Elsie Bennett, daughter of Mr and Mrs. W. P. Bennett, who reside on Bell Meade avenue. The spirit returns from whence it came, to a loving Father's tender care and the body returns to dust to await the final triumphant union.

Notice of Dissolution.

Notice is hereby given to all parties that the firm heretofore existing as the firm of Perkins & Hall, engaged in the hotel business in the city of Greensboro, is this day dissolved by mutual consent, Mr. Perkins succeeding to the business.

All parties indebted to the firm will make payment to A. N. Perkins and all parties holding claims against said firm will present same to A. N. Perkins.

A. N. Perkins,
W. A. Hall.

This 29th day of Sept, 1899.

Notice.

Notice is hereby given to the public of the dissolution of the firm of Perkins & Hall, by mutual consent, Mr. A. N. Perkins buying interest of W. A. Hall and becoming liable for debts of firm now outstanding, and all debts contracted in future.

DEWEY'S HEALTH SPLENDID

The Admiral Slightly Embarrassed at His Great Reception.

EVERY TRAIN BRINGING CROWDS

To Washington—Tuesday, October 3, Declared a Holiday in the District of Columbia.

Special to The Telegram.

Washington, D. C., Sept. 28—The committee appointed to extend the formal invitation to Admiral Dewey to visit Washington city, left here Thursday morning for New York, and returned during the afternoon. A member of the party stated after the return of the committee that the admiral received the gentlemen most cordially, and acquiesced in all that has been done concerning the reception to be extended him by the citizens of the national capital. Admiral Dewey, the gentleman stated, is naturally a modest and unassuming man, as nearly all of the naval officers are, and he rather dislikes the notoriety in which he finds himself upon his return from Manila. The committee found the admiral in the best of health, and he announced his desire to be in Washington for the purpose of consulting with President McKinley and the navy department officials in relation to the Philippine situation as soon as possible. It is not known how long he will remain in Washington, but his stay will be determined largely by events after he comes here and consults with the president. It is understood to be his intention to spend a short time at his old home in Vermont, and it is not improbable that he may visit Chicago, and a few other large cities.

Next Monday morning the escort committee will leave Washington on a special train via Pennsylvania Railroad, on a train tendered by the company. The train is said to be one of the finest ever equipped for special purposes, and is to consist of a composite smoking car, a dining car, and three broad vestibuled drawing room parlor cars. Admiral Dewey with the committee will arive in this city Monday evening about seven p. m., and will be escorted to the white house in the handsome turnout of Mrs. McLean, at whose house he is to reside while in Washington.

President McKinley has taken much interest in the reception, and has declared Tuesday, October 3rd, a holiday in the District of Columbia. It is the intention Monday night to execute the night forces of the navy yard, postoffice (as far as possible) and the government printing office, from work.

A large crowd is confidently expected in Washington during the reception, and already there have been a large number of arrivals. Every train brings loads of passengers to the reception, and the hotels are rapidly filling up. At the down town hotels, the Metropolitan, National, St. James, and Howard House, it will be difficult to secure rooms after Monday morning, although the managers say they have made ample provisions to care for a big crowd. It is difficult for the committee in charge of the arrangements to estimate the number of visitors who will be here during the reception, as a very large number will go to New York doubtless first, and will stop over here on their way home. Were it not for the New York reception it is doubtful if the attendance at the Washington reception would be as large as it will be.

The remains of the late General Heth, of Virginia, were taken to Richmond Thursday morning, the funeral being held in this city from the Church of the Epiphany yesterday morning at ten o'clock. The remains will be interred at Richmond. The members of the Society of the Cincinnati, of which General Heth was an active member, was well represented at the funeral in this city. The members of the general's family and a few intimate friends accompanied the remains to Richmond. The interment took place there it is understood yesterday afternoon.

Mr. Wabler Redd Staples, a member of the scientific corps of the General Land Office has resigned from the government service and will engage in the practice of law at Richmond, Virginia. Mr. Staples is a graduate of law of the National University class of 1899, and was recently admitted to the District bar.

An interesting report will shortly be issued by the department of agriculture, upon the Brazos River (Texas) flood of June-July, 1899, and its effects upon the agriculture of the submerged region. The report is edited by Mr. E. S. Holmes, Jr., of the Division of Statistics of the Department of Agriculture.

Collector James D. Brady, of Petersburg, Virginia, was at the Ebbitt House Thursday, accompanied by Mrs. Brady, and their daughter, Miss Catherine. It is understood they will remain until after the Dewey reception next Monday and Tuesday.

Mr. Samuel Arthur Nattans, son of a well known druggist of this city was married the other night to Miss Inez Claire Goodman, of Richmond, Virginia. The ceremony was performed at the Savoy Hotel this city by Rabbi Calisch, of Richmond. The groom was formerly of Washington, but is now residing at Baltimore.

Rev. Dr. W. S. Hatcher and wife, of Lynchburg, are in the city, accompanied by S. W. Wells and wife, Mrs. Wilmer Moorman and Miss Virginia Winfree, also of Lynchburg.

FINE CATTLE AND HOGS.

Enroute From Biltmore to the Fair at Norfolk.

Today two long and handsome stock cars were sidetracked in this city a short while enroute from Biltmore to Norfolk. The cars belong to the Arms Palace Horse Car company, of Chicago, and contained cattle and hogs from the now celebrated stock farm of Mr. Vanderbilt at Biltmore, near Asheville.

One of the cars contained thirty registered Berkshire hogs, some of them of immense size. The other contained sixteen registered Jersey cattle, one of them a very large and extra fine bull. They will be placed on exhibition at the Norfolk fair next week, and later will probably form an interesting part of the stock exhibit at our own state fair in Raleigh.

"Chilly Times."

The expression gives you a kind of queer, shivery feeling; but when you mention a nice top coat, beautifully and substantially lined, your blood circulates free and you warm up and feel comfortable. Nothing makes a man feel better than to be well dressed, and to be well dressed you should have one of those handsome Top Coats advertised today by Rankin, Chisholm, Stroud & Rees.

THE SITUATION HOPELESS.

Burghers Taking the Field in All Parts of the Transvaal

AND IN THE ORANGE FREE STATE.

Cabinet at London Meets to Consider the Boers' Reply—War Is Hardly to Be Doubted.

By Cable to THE TELEGRAM.

London, Sept. 29—The Times today prints an interview with Kruger which says the five years' franchise demanded by Great Britain cannot be granted, and that he has done everything in his power to preserve peace, but that England is forcing war. Continuing, he said: "Peace is impossible unless England recedes from her position. If the Outlanders were given the franchise they would outnumber the Boers as there would be fifty thousand of them entitled to citizenship."

HOPE HAS FLED.

London, September 29—Chances for a peaceful settlement of the Boer trouble have been appreciably lessened within the last few hours. The burghers are taking the field in all parts of the Transvaal and the Orange Free State. It is clear that they are concentrating their forces on the Natal border. Several thousand Boers are now a few miles from Laingsneck.

The cabinet met at one o'clock to consider the Boers' reply.

TRANSVAAL MEANS BUSINESS.

Pretoria, Sept. 28—The Transvaal's reply says the government adheres strictly to the convention. The note asks nothing further and does not mention the question of suzerainty.

A declaration of war is expected immediately.

TENSION MOST ACUTE.

London, Sept. 29—The tension in the Transvaal difficulty is most acute. The cabinet is considering a reply to Kruger in secret session. It is expected tonight. The Gazette calls on the goverment to summon parliament to obtain supplies of war.

The cabinet's dispatch will demand an immediate reply.

NORTHERN FARMER'S OPINION OF A GUILFORD COUNTY ROAD.

We received a call today from Mr. George W. Chamberlain, a northern gentleman, who has bought a farm and recently settled in this county at Vandalia, three miles south of the city. He informed us, in response to our inquiry of him for news, that he had "nothing of interest, except the roads." Mr. Chamberlain is from Middleborough, Mass., thirteen miles from Plymouth, the landing-place of the Pilgrims. He has only been in the county for little more than a month and is not yet inured to the bad road system of North Carolina. He informed us that the Asheboro road in the vicity of Buffalo creek is the worst road he "had ever seen in civilization"; that it is a shame and a disgrace to Guilford county.

Guilford county has many natural and acquired advantages over the counties of this state; she has railroad facilities of the best, educational and religious opportunities rarely equalled, never surpassed; as fine a climate and as richly-productive a soil as exists anywhere in the world; industrial conditions, social status, and the other things which are required to constitute one of the most desirable locations that could be found for the northern farmer, but our public road system, until it shall have been reversed and public avenues converted from their present unnavigable condition into highways of easy transportation for the products of the farmer, the county must ever remain in its pristine backwoods state—a perpetual scarecrow to the foreign would-be investor in our fine soil.

The following is taken from the Asheboro Courier:

Richmond Pearson has said it and it must be true—the amendment is unconstitutional. This distinguished member of the kid glove gentry who never struck a lick of work in his life or did anything except spend the dollars he never earned, also says that the election law is unconstitutional Richmond Pearson has some reputation as a checkers player, but we never heard him accused of having any knowledge of law. The republican party says that he knows more than all the eminent lawyers in the state. A simple layman who lives for fun and not for duty is heralded by the republican press as authority that even the most ignorant know that the opinion of eminent lawyers and judges is of more value than this son of a donothing. But with the republican party in its desperation, it is driven to setting up the opinion of a layman who never practiced law against the opinion of more than fifty of the ablest lawyers in the state, to whom the question of its constitutionality was submitted by the general assembly to the people for ratification.

Mr. Pearson has even lost his reputation at checkers—he used to be a fine player. John D. Humphreys, a young lawyer at Danbury, quit 117 games on him, if our memory serves us right.

It appears to us that when 13-inch steel projectiles weighing a thousand or two pounds are crunching through great plates of impenetrable armor and ploughing up decks of Harvey steel, that one's mind wouldn't contemplate danger from such insignificant things as wooden splinters. Yet the Spanish-American sea scraps demonstrated the fact that more injury is done by these split particles of furniture than by the steel thunderbolts. And for that reason the navy department has issued an order to place metal furniture on the cruiser Atlanta and the experiment will doubtless be followed on the other vessels belonging to Uncle Sam.

While the cotton crop in North Carolina is very short, there is a good deal of consolation in the recent rise in price of the staple.

The Charlotte News observes:

Cotton is rising rapidly, and the wisdom of those farmers who held their cotton for higher prices is vindicated. There were people at the beginning of the season who accepted Neill's estimate of "over 12,000,000 bales" as the gospel truth, and who hooted at the idea of cotton getting over six and a half cents. Some of them predicted it would go below six and stay there for a year.

Cotton is alr ady over seven cents and "still a-rising." This is gratifying news for the farmers who have been selling their product for so much less in the past few years.

Ever and occasionally some artist of the gloves passes in his checks from the arena. Chas. Hoskins, of the "manly art," engaged in a bout with Jim Pindergast, at Grass Valley, Cal., Wednesday night. Jim put Charlie to sleep and Charlie didn't wake any more. The tempting purses offered by sporting clubs lure many a poor fellow to his doom.

And it seems that the law has totally forgotten all about prize-fighting.

While the throngs are extending the welcoming hand to Dewey, there is another whom many Amercians would be glad to see back on these shores—or anywhere away from the Philippines. That's Otis. He is as dismal a failure in the field of battle as Dewey was a howling success.

REV. MR. HODGIN'S DOCTRINE.

Easy to See Why So Many Are Opposed to It.

There appeared in the Charlotte Observer some time ago several articles in regard to Rev. T. C. Hodgin, and as we desired to know the truth have made an investigation, which we think in common justice, should be brought out. One accusation was that he had gotten into the Friends' Church, in Greensboro, unfairly.

The writer has seen a letter from Joseph Peel, pastor of the church, from which I quote some extracts:

"I invited him to preach on Sunday morning and again Sunday night. On Monday night a vote was taken as to whether or not the meeting should continue. Several nights after he asked if there was a way to appear at any church in South Greensboro; when, if so, he wished to know, if he could get a church to preach in, if the way was no longer open in the Friends' church. Nearly, if not all, the members voted to continue the meeting. There was no official action taken by any committee. I feel sure a genuine work of grace was done. Class-leaders, church members and others were blessed as never before. Their friends note the difference.

"His doctrine of holiness and living a sinless life is so out of harmony with the natural heart that it is easy to see why so many are opposed to it. Those of us who have not had this blessed experience (sanctification) that he has, ought not to put ourselves in the way of doing all the good that he can. Let him who cannot honestly believe it hold to his doubts this unbelief, if he will; yet, if he speaks one word to shake the faith of others, then he assumes a terrible responsibility, for he is destroying that, in place of which he can have absolutely nothing to bestow. Abuse of a child of God, because he advocates a sinless life, is not the feeling which animates the sincere, high-minded Christian, and he who does should ponder well the meaning of the sacred words: "Whoso shall offend one of these little ones, it were better for him that a millstone were hanged about his neck and he cast into the sea."—"Justice," in Asheboro Courier.

Airship Galloped on Roofs.

Dr. R. G. Leverty, of this city, has invented an airship. Wednesday he took the apparatus to the roof of his house and attempted to fly with it.

It did not work, and, believing that he was not high enough, he went to the roof of the house of Dr. Frank Thayer, No. 6 Highland avenue. There the flying machine cavorted like a bucking broncho over the house tops.

Leverty says he is satisfied with the trial, and, with a few alterations, declares that he is sure of success.—Bridgeport, Conn., Special to The Philadelphia Record.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.
Mrs. T. W. Lee,
Montgomery, Ala.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

CHILD DIES OF HYDROPHOBIA.

The Heart-Rending Death of Dollie May Landreth.

Asheville, Sept. 28—Dollie May Landreth the 18-months-old daughter of Mr. and Mrs. B. P. Landreth, died this afternoon from the effects of what is thought by the doctors who attended the sufferer to have been a genuine case of hydrophobia About a month ago while the child was playing in the hall a bull dog ran into the hall with Willie Landreth, her nine-year-old brother. Dollie fell down and began to scream. Upon this the dog sprang upon her and lacerated one of her cheeks, badly, and bit her severely on the other cheek.

Last Monday the child began to show symptoms similar to those observable in a slight cold and not until last evening did nervous and convulsive conditions manifest themselves sufficiently to render the theory of hydrophobia tenable. Since that time, up to the moment of death, convulsions recurred with heart-rending frequency.

DeWitt's Little Early Risers permanently cure chronic constipation, biliousness, nervousness and worn-out feeling; cleanse and regulate the entire system. Small, pleasant, never gripe or sicken—"famous little pills." Howard Gardner.

Mrs. Mary Doudon, a patient in Bellevue Hospital, New York, killed herself on Tuesday by drinking carbolic acid.

INDICTED FOR MURDER.

The Trial of Miss Morrison, the Actress, Set for October 3.

Chattanooga, Tenn., Sept. 28—Julia Morrison, the actress, was indicted today by the grand jury for the murder of Frank Lieden, of Liedenheimer, of the "Mr. Plaster, of Paris" company, at the opera house in this city, Friday evening, September 22. The name of George J. Antz, of New Orleans, brother-in-law of Lieden, appears on the court papers as prosecutor. The case was set for hearing Thursday, October 3.

The prisoner was greatly depressed by the announcement of the action of the grand jury, but she was later very much cheered by several members of the grand jury who called to see her and stated, that while they were compelled, under their oaths, to find an indictment, they felt sure that she would be acquitted on the state's testimony alone. Miss Morrison has taken very little nourishment since her incarceration in the county jail and appears haggard and careworn. She stated that there are details connected with the tragedy that would not be adduced in evidence unless it became necessary to her acquittal.

CENSUS WORK SIMPLIFIED.

The People Will Not Have to Answer So Many Foolish Questions.

Washington, Sept 28—Ex-Governor Merriam, the director of the census, has had several conferences at the white house recently as to matters pertaining to his bureau. Among those, it is said, is the subject of questions which are to be propounded to the 70 000,000 people of the country next June They have been decided upon by Director Merriam and will soon be printed. They have met with the approval of the president, it is said.

In general the endeavor has been to make the questions simpler than before and to reduce their number. This is in accordance with the views of the census committees of the two houses of congress. Several of the questions which aroused the most antagonism in 1890 have been omitted altogether The chief of these was the inquiry of each person whether he or she had any acute or chronic disease.

Charles Moody's Wonderful Cat.

The Danbury Reporter says that Charles Moody, colored, has a cat which he says has caught more than one hundred rabbits during the last few months. The cat brings the rabbits to the house alive.

A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea remedy. Read his editorial. From the Times, Hillstille, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore, Sold by C. E. Holton.

An informal offer has been made to Dr. E Benjamin Andrews, superintendent of the Chicago public schools, of Dr. George W. Northrups's chair of systematic theology in Chicago University.

Beats The Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

KILLED IN A PRIZE FIGHT.

Pendergast Knocked Out Hoskins for Good—Parties Arrested.

Grass Valley, Cal., Sept. 28—As a result of a prize fight held here last night between Jim Pendergast, of Sacramento, and Chas. Hoskins, of this place, the latter is dead. Hoskins was knocked out in the tenth round and although physicians worked upon the man all night, they could not save his life. The referee, Pendergast and all the seconds were placed under arrest.

TOMMY RYAN SICK.

Denver, Col., Sept. 28—Tommy Ryan is ill in this city, and he announced today he would be unable to fight Joe Choynski and Jack Root in Chicago next week. He has also cancelled his match with Jack McDonough, on Friday, in this city.

Men do not like to go to doctors. Nine times out of ten they wait until they are laid flat on their backs before they will consult a physician. There is some reason in this, for when a business man feels out of sorts and goes to a physician, he is often given violent drugs that make him, for a time, unfit for business and really sick.

There is a way of avoiding both extremes—that of neglecting the health and that of taking violent drugs that rack the entire system—it is always to keep on hand a bottle of Dr. Pierce's Golden Medical Discovery. If a man will resort to this great medicine whenever he feels that he is out of sorts and threatened with illness, he may keep in good health. It is the great appetite sharpener, blood-maker and flesh-builder. It fills the arteries with the rich, red, tissue-building blood of health. It does not make flabby fat like cod liver oil, but the solid, muscular and nerve tissues of health. It does not make corpulent people more corpulent.

"I want to inform you of a cure effected by Dr. Pierce's medicines," writes Mrs. Nelson Smith, of Mount Vernon, Jefferson Co., Ills. "About six years ago I had grip, ending with bronchitis and consumption. In the spring of 1896 my condition became very serious. I had consumption and I coughed day and night; could not lie down at all. Our family doctor said I could not get well. The neighbors came in to see me die, and a lady friend recommended Dr. Pierce's medicines so strongly that we immediately sent out and bought six bottles of his 'Golden Medical Discovery' and 'Favorite Prescription.' After using these medicines, found I was receiving benefit and continued. I weighed 120 when I commenced taking medicines, now weigh 170. I sleep well, have a splendid appetite, feel well, and believe I am entirely cured. I am thankful to God and to Dr. Pierce for those wonderful medicines. I want to add that I am a wonder to my neighbors and friends."

Sousa's Band Led the Procession

Yesterday in New York John Philip Sousa, America's greatest bandmaster, led the Dewey parade. As a musician Sousa has about as much fame as has Dewey as a fighter. If we were running a gun factory instead of a piano factory we would like to have Dewey's indorsement. As it is, we are satisfied with these words from Sousa: "The Kimball piano is first-class in every respect." Kimball pianos can be seen at 123 South Elm street. W. A CLOSE CALL.

Fire in a Show Window of Will H. Matthews & Co.

Last evening about six o'clock as Harry Sergeant was lighting up the beautiful show windows at the clothing store of Will H. Matthews & Co., the bunting in some way was ignited and the flames instantly flashed all over the window, burning and badly damaging everything in it.

The fire department quickly responded to the call, but was was not needed, as the sidewalk sprinkler was brought to quick use and the flames extinguished. The glass in the top of the window was broken by the heat, but fortunately the large plate glass escaped. The damage to the goods has not been computed, but it is more than might be supposed as a lot of handsome goods were displayed in the window.

Horse and Buggy Stolen.
